Comments from non-attendees

Would be helpful to provide some kind of teen child care. Hard to attend with kids.

I wish I could have attended the reunion but had a family baby shower to attend. I think it is great to have periodic get togethers for reflection and re connection. I know it takes a lot of effort and I have not been able to help with "life stuff" but hope to be able to help with planning in the future. Please keep me on the list to help and if I am able I will!

More time after talks for individual sharing.

Individual meditation in the Chapel with soft spiritual music.

Try to have fewer people in the Chapel with shorter prayers, follow with meditation with soft spiritual music.

I'm glad that we have the Cornerstone experience in the parish. It helps to build community, which years ago, was accomplished by Marriage Encounter. I hope that we can keep the experience going somehow.
